

PRODUCT INFORMATION

An extremely useful commercial pillar with many applications. Has a smaller profile and fuse carrying capacity than the EP106.

MAXIMUM FUSE CAPACITY

- 32x 63A; or Multiple 63A fuse carriers with Disconnect units up to 250A

FEATURES

- LID SCREWS: 4 x M8x16mm Button Head, Stainless Steel Screws, 5mm Drive or Tox Screws (to meet network requirements)
- Comes fitted with a 10-way neutral and rubber apron for maximum technical safety. 13-way staggered neutral available on request.

Optional Features

- This pillar has the option of a cliplock
- Fuse carriers/disconnects fitted to your network requirements (Available on request).
