

E2000

PRODUCT INFORMATION

Gyro's most popular residential pillar in the range. Its low sleek profile makes it especially suitable for high-end developments. The modular design allows flexibility for future system upgrades without the need to remove the ground buried base unit.

MAXIMUM FUSE CAPACITY

6 x 63A; or
2 x 160A 3ph DIN

FEATURES

- Modular assembly allows easy upgrade to 12-way
- Polycarbonate fuse mount withstands stress, pressure, heat
- Ground level marker ensures consistent depth burial
- Scalloped Base provides maximum ground stability
- Fitted with 6-way neutral and rubber apron for safety
- Strengthened lip for better security
- Angled lid allows condensation run off
- Air ventilation to help air flow
- Impact and graffiti resistant to reduce maintenance
- UV and heat resistant to increase asset life
- Stainless steel lid screws: 2 x M8 x 25mm button head
- Captive Lid Screws – includes clip to hold screw in place
- Tapered screw thread allows centring before tightening
- The plastic lid and base are non-conductive making them safer
- Plastic lid, base and terminal recyclable with GYRO-cycled program

Optional Features

- Lock, asset tag or alternate screws fitted to suit network requirements
